ALLEGED SCAM OF RS 65.54 CRORE

Actor Dino Morea questioned in Mithi river desilting case

EOW has arrested 3 people so far

Manish Kumar Pathak
Mumbai, October 2

Morea was questioned twice in May 2025 after investigators found transactions between him and the accused. FILE

BOLLYWOOD ACTOR Dino Morea was questioned by the Mumbai Police Economic Offences Wing (EOW) on Friday in connection with the alleged Rs 65.54-crore Mithi River desilting scam. Morea reached the EOW office around 1.30 pm and joined the investigation.

A senior EOW officer confirmed the questioning, saying Morea was called in to verify certain facts that emerged during the probe. The EOW has so far arrested three people in the case. The case relates to alleged financial irregularities, inflated equipment rental rates and other corrupt practices in contracts awarded for desilting the Mithi River.

Morea had earlier been questioned twice in May last year after investigators found transactions between him and Ketan Kadam, one of the accused, between 2019 and 2022.

Morea's family member Santino Rocco Morea and Kadam's wife, Punita Kadam, were directors in UBO Ridez Private Limited, which operates Victorian-era-style electric carriages in Mumbai. Santino was also questioned by the EOW last year. Kadam, the owner of Woder India LLP and CEO of Virgo Specialties, had been arrested on May 7 along with Jayesh Joshi, who was associated with Virgo Specialties.

They were among 13 people booked for allegedly causing a Rs 65.54-crore loss to the BMC. In August, the EOW arrested Borivali-based contractor Shersingh Rathod for allegedly submitting fake photographs and videos to show that silt had been removed from the river.

Investigators allege that his firm, Maideep Enterprises, submitted bills worth Rs 29.63 crore, which were cleared by BMC officials.

According to the EOW, some BMC officials travelled to Kochi in October 2020 to procure desilting equipment from Matprop Technical Services Pvt Ltd. The specifications in subsequent tenders allegedly matched Matprop's machines, effectively requiring contractors to use its equipment.

Investigators allege contractors approaching Matprop were directed to Kadam and Joshi, who allegedly rented out the equipment at inflated rates. The EOW is also probing how Woder India LLP secured various civic contracts.

The probe into Rathod began when investigators examined contractors awarded work under the desilting tenders.

His firm was among five contractors awarded work in 2021-22. Investigators allegedly found that trucks shown in photographs and videos as transporting silt had instead carried building debris, an official said. Rathod later produced agreements purportedly signed with landowners in Bhiwandi and Panvel for dumping the silt. The landowners denied knowing Rathod and told investigators that the documents and their signatures had been forged, officials said.

In one case, an agreement purportedly signed in April 2021 was in the name of a landowner who had died three months earlier, an officer said.

The EOW alleges Rathod used forged documents and submitted Rs 29.63 crore in bills in the name of Maideep Enterprises, which were cleared by BMC officials.

7 killed, 21 injured after truck rams into Bolero

Ankita Deshkar
Nagpur, October 2

SEVEN MEMBERS of a Durga Devi festival committee from Wardha were killed and 21 others were injured after a truck rammed into a Bolero pickup vehicle carrying a Durga idol on the Samruddhi Expressway in Amravati district of Maharashtra early Friday.

The accident took place around 12.50 am at Channel No. 97, within the limits of Mangrul Dastgir police station.

According to preliminary information, members of the Durga Mata Mandal from Sindi Meghe in Wardha district were returning from Shegaon with a Durga idol ahead of the upcoming Navratri celebrations when a truck collided with the pickup vehicle. Seven people died in the accident, and 21 others sustained injuries, with some said to be in a serious condition. They have been moved to medical colleges at Sawangi and Sevagram in Wardha for further treatment.

Members of the Sindi Meghe-based mandal reportedly travel to Shegaon every year to bring the Durga idol for the Navratri celebrations. The accident occurred when the group was on its way to Wardha.

Police personnel reached the spot soon after the accident and began the rescue and relief operations. Further details about the identities of those killed, injured and the exact circumstances leading to the collision are awaited.

Dharavi centre to counter misinformation: CM

Express News Service
Mumbai, October 2

Chief Minister Devendra Fadnavis inspects a demonstration showing a unit apartment. ANI

RESIDENTS OF the Dharavi will be able to view plans for their proposed homes, workplaces and neighbourhoods at an Experience Centre inaugurated by the Maharashtra government near Bandra Kurla Complex on Friday.

The centre, at PMGP Colony in H Block, will provide information on the proposed redevelopment and address what Chief Minister Devendra Fadnavis described as "misinformation and confusion" among residents.

"The centre will not merely show the plans of the redevelopment project. Citizens will be able to experience their future homes, neighbourhood and workplaces," Fadnavis said after inaugurating it.

According to the Maharashtra government, the centre will provide information on Dharavi's existing layout and proposed changes, including housing for eligible residents, roads, open spaces, social infrastructure and employment opportunities.

Fadnavis said Dharavi was not merely a slum but also a major economic centre, with pottery, leather, food processing, plastic recycling and several small and medium businesses. He said the redevelopment would include designated workplaces for these activities.

The centre will use audio-visual and digital displays to present information on Dharavi and the proposed redevelopment. It will also be available to stakeholders and those studying urban planning, the government said.

A song, 'Dharavi Ka Kal', sung by Shankar Mahadevan, was also launched at the event. Fadnavis released a book, 'Mere Sapno Ki Dharavi'.

The Dharavi redevelopment project is being implemented through a joint venture between the Maharashtra government's Slum Rehabilitation Authority (SRA) and Adani Navbharat Developers Private Limited (ANDPL).

Punjab police fan out to bring LPU violence accused to book, arrests made across country

Anju Agnihotri Chaba & Arun Sharma
Jalandhar, Jammu, October 2

FANNING OUT across different parts of the country, Punjab police have arrested eight people, including six students and two outsiders, from Phagwara, Mumbai, Jammu, Himachal Pradesh and Uttar Pradesh in connection with the violence, alleged looting, and attacks on police personnel during last week's protests on Lovely Professional University (LPU) campus.

From Himachal Pradesh's Mandi, police have apprehended a minor who, they claimed, was the same student whose photograph, standing on a decommissioned MiG fighter aircraft displayed at the university, went viral on social media. Meanwhile, another student, a social media influencer and resident of Jammu's Kishtwar, escaped before police could reach him in Doda, where he was allegedly staying with relatives.

Four people were arrested on Thursday and the rest on Friday. Those arrested on Friday include Antriksh Dutta and Sahil Singh from Jammu, and Krishna Kumar Rajesh and Bhavishya Karan from Maharashtra's Mumbai and Kalyan, respectively, said Jalandhar Range DIG Naveen Singla.

On Thursday, Sonipat resident and social media influencer James Dahiya and Ashutosh from Hamirpur were arrested, he added.

Among the non-students arrested on Thursday were Gagandeep and Jasmeet Kumar. Residents of Phagwara, both work at different pizza outlets with branches on the campus that they regularly visit.

Police allege they reached the campus after learning about the violence and were involved in subsequent looting. Gagandeep, James and Jasmeet were produced before a local court on Friday and were remanded to three-day police custody. DIG Singla said on Friday that 20 people have so far been identified and named in the cases, adding that multiple police teams were conducting raids to arrest the remaining accused in several states. The Special Investigation Team (SIT), he told media persons, analysed CCTV footage from LPU and other locations, videos carried by news channels, social-media posts, and other technical evidence to track the accused.

While the FIR accuses Krishna and Prem of violence, police have linked Ashutosh with allegations of attacks on police personnel and obstruction of public servants from performing their duty.

Police said Dahiya also runs a food outlet on the campus. They alleged his involvement in campus vandalism and social-media activity surrounding the protests.

Mumbai AQI crosses 100 as rains peter out

BMC to identify 10 pollution hotspots per ward

Nayonika Bose & Pratip Acharya
Mumbai, October 2

WITH RAIN activity losing momentum, Mumbai's air quality deteriorated on Friday, with the city's Air Quality Index (AQI) crossing 100 for the first time this post-monsoon season as a haze settled over the skyline.

The overall AQI stood at 111 by Friday afternoon, with 10 of the 20 active monitoring stations recording 'moderate' air quality, according to Central Pollution Control Board (CPCB) data. Worli recorded the highest AQI at 178, followed by Colaba at 143, Deonar at 141 and Mazgaon at 138. PM2.5 and PM10 were among the prominent pollutants recorded at the stations. The deterioration comes after four months of relatively satisfactory air quality, with the AQI generally remaining below 100 between June and September. Frequent spells of rain helped wash out dust and suspended pollutants.

With rainfall now weakening, experts said changes in wind patterns and drier conditions were also contributing to the rise in pollution. Experts told *The Indian Express* that the spike was not due to insufficient rainfall alone.

Clockwise winds from the landward direction were also bringing dry air and dust from the north, they said.

The deterioration has prompted the Brihanmumbai Municipal Corporation (BMC) to issue fresh standard operating procedures (SOPs) for tackling pollution at the ward level.

Each civic ward will identify at least 10 pollution hotspots, including major construction and redevelopment sites, infrastructure projects, open waste-burning locations, debris dumping points and areas prone to traffic congestion. An officer will be assigned to each hotspot to monitor air quality and ensure corrective measures are taken.

Ward-level monitoring teams have also been directed to inspect at least two construction sites every day.

"Demolition sites will have to ensure proper barricading, cover debris with tarpaulin or green cloth and undertake continuous misting to suppress dust," said a civic official.

Developers and contractors will also be responsible for cleaning roads adjoining construction sites. Projects spread over up to 4,000 square metres will have to clean roads up to 100 metres; those between 4,000 and 10,000 square metres, up to 200 metres; and projects exceeding 10,000 square metres, up to 500 metres on both sides.

The BMC's action plan provides for escalating measures as pollution worsens. If the AQI crosses 200, authorities can undertake intensive cleaning, road washing, water spraying and misting, besides taking stricter action against open waste burning.

If the AQI remains above 300 for three consecutive days, polluting activities within a 2-km radius of the concerned air-quality monitoring station can be ordered to stop.

The civic body will also undertake a post-monsoon clean-up drive during the first two weeks of October to remove sludge, mud and accumulated road dust. The drive will cover major roads, medians, junctions and road edges.

"Roads may also be washed with recycled water or subjected to fine water spraying wherever required," civic authorities said.

According to the norms of CPCB, an AQI of 0-50 is 'good', 51-100 'satisfactory', 101-200 'moderate', 201-300 'poor', 301-400 'very poor' and above 400 is considered 'severe'.

Secretary transferred, chairman stays amid MPSC paper leak stir

Move follows students' meeting with Fadnavis over exam irregularities

Express News Service
Mumbai, October 2

AMID THE agitation by Maharashtra Public Service Commission (MPSC) aspirants over alleged paper leaks, the state government has transferred MPSC secretary Mahendra Harpalkar, acting on one of the key demands raised by the protesting students.

The move came two days after a delegation of MPSC students met Chief Minister Devendra Fadnavis and demanded the removal of both Harpalkar and MPSC chairman Vivek Bhimanwar. While the government has acted on the demand concerning the secretary, Fadnavis made it clear that the state government cannot remove the commission's chairman.

"MPSC president is a constitutional post. The state government and governor cannot remove him from the post. They don't have that right to do so. The decision rests with the president of India based on the recommendations of the Supreme Court," The CM said on Wednesday.

The government issued the transfer order for Harpalkar on October 1. The protesting students had held both Bhimanwar and Harpalkar responsible for the alleged irregularities in recruitment examinations.

At the meeting, Fadnavis also assured the students that the government would begin a large-scale recruitment drive covering vacancies over the next three years, including posts that will fall vacant due to retirements. A department-wise recruitment timetable will be prepared within a month, he said.

He also assured the students that MPSC examinations would be conducted offline and that the government would not take decisions concerning the examination process without consulting student groups.

"The recruitment in government jobs will be done on a massive scale which will break all the previous records," Fadnavis said, adding that recruitment for 30,000 to 40,000 posts had remained pending over the years. The MPSC has postponed the State Services Main Examination 2026, which was scheduled for October 3. The commission has also decided to re-evaluate the answer sheets of the State Services Main Examination 2025.

Earlier, in August, the MPSC cancelled the recruitment process for Drug Inspector, Group-B posts in the Food and Drug Administration department after an inquiry found that the examination paper had been leaked.
